

I do NOT support any changes to the New Jersey "Do Not Call" laws. Phone solicitors are an invasion of my privacy and on my limited quality family time. In addition to calling us at all hours of the day, phone solicitors are often rude and persistent when I say that I am not interested in their product or service.

If a company wants me to learn about their products and services they can do so through the mail or via public advertising. Please DO NOT change the current law. My family is very happy with the policy as it is written today.
